DOCKET No. N2012-1

**NOTICE OF UNITED STATES POSTAL SERVICE REGARDING FILING OF
REVISED PUBLIC LIBRARY REFERENCE USPS-LR-N2012-1/77 [ERRATA]**
(April 30, 2012)

The United States Postal Service hereby provides notice today that it is filing a revised version of the following public library reference:

USPS-LR-N2012-1/77

Transportation Network Analysis
Spreadsheets Related to USPS-ST-2

The library reference is witness foundational material (Category 2) and was prepared by witness Martin. The version of USPS-LR-N2012-1/77 ("LR 77") filed today reflects the following revisions to the "Plant-to-Plant Transportation Summary" table under the "Summary" tab in the Excel workbook "Plant-to-Plant Update (4.16.12)" filed previously under LR 77:

- The total number of routes for the Northeast Area is changed from "107" to "209".
- The total number of routes for the Eastern Area is changed from "305" to "303".
- The total number of routes for the Southwest Area is changed from "216" to "215".

- The total number of routes for all Areas is changed from “1,238” to “1,337”.
- The number of trips for the Great Lakes Area is changed from “1568” to “1566”.
- The number of trips for the Southwest Area is changed from “2286” to “2285”.
- The number of trips for the Western Area is changed from “4095” to “1359”.
- The total number of trips for all Areas is changed from “16,205” to “13,466”.
- The number of potential trips eliminated for the Northeast Area is changed from “476” to “506”.
- The number of potential trips eliminated for the Great Lakes Area is changed from “139” to “190”.
- The number of potential trips eliminated for the Southwest Area is changed from “219” to “519”.
- The total number of potential trips eliminated for all Areas is changed from “1,347” to “1,728”.
- The percent reduction for the Northeast Area is changed from “19” to “21”.
- The percent reduction for the Great Lakes Area is changed from “9” to “12”.
- The percent reduction for the Southwest Area is changed from “10” to “23”.
- The percent reduction for the Western Area is changed from “4” to “13”.
- The total percent reduction for all Areas is changed from “8.44%” to “12.83%”.

- The Excel formula for the total percent reduction for all Areas is changed from “AVERAGE(E7:E13)” to “=(D14/C14)”.

These revisions are contained in the spreadsheet “Plant-to-Plant Update Rev (4.30.12)” and are based on revisions that were made to the seven Area-specific spreadsheets contained in the workbook.

Although there are no changes to the Preface or the workbook labeled “Plant to Post Office Update (4.16.12)” that were included in the originally filed version of LR 77, those two documents are being included in the revised library reference filed today with the Commission. The previously filed version of LR 77 should be replaced in its entirety by the version filed today.

Respectfully submitted,

UNITED STATES POSTAL SERVICE

By its attorneys:

Daniel J. Foucheaux
Chief Counsel, Pricing & Product Support
